BOARDS WITHOUT BORDERS

OVERCOME SOCIAL BORDERS

CHILDREN NEED TO PLAY

MOTIVATION FOR EDUCATION

STRENGTHENS THE CONFIDENCE
Boards without Borders is a private, non-profit initiative, which was launched in 2012 by Gottfried Kube. The aim of the organization is to support opportunities in board sports, especially for children from developing countries. It started off as a support of the construction of skate parks in India financially. Currently, we are working with a local organisation called ‘Holy Stoked’ - India’s fist skate collective. ‘Holy Stoked’ have the first-hand experience in the building department. ‘Boards without Borders’ aims to back them up and cooperate with them in their working process. In the pipeline are other projects in countries such as Namibia and Brazil, as well as Germany.

By providing opportunities of board-sports we are raising the self-confidence of the children. Board-sports is a tool of empowerment for young people in developing countries. It is an investment in young people who will develop into active members of society and bring change where it is mostly needed. We think that it is important to share joy!

Each of our team members can contributes their strengths to our project and can develops valuable skills in our community. People have responsibilities like event management and making of blog posts as well as video shooting and photography. All of that contributes to making the organization more visible to the public eye and future sponsors.

GOTTFRID KUBE
founded “Boards without Borders” in 2012. Previously, he had been involved with nonprofit organisations such as “Heroshopping” and “Skate Aid”. This work motivated him to establish his own nonprofit association in order to support national and international non-profit purposes. He loves snowboarding, surfing, longboarding. He has been an entrepreneur in the field of mobile, internet and innovative products for over 13 years.

BRITTA PIETSCHMANN
joined Boards without Borders quite from the beginning in summer 2012. She studied economics and communication, worked in sales and marketing positions. Social engagement is an important part of her live, as well as being involved in creative projects.
The team consists of more than 50 volunteers who are partially active. In addition more than 80 artists who have previously acted for the club, are also involved in art sales.
We use different channels in collecting money and attention:

- Sale/auction of skateboards and other products designed by artists
- Wheel of fortune. The prizes on the wheel of fortune are products donated by our sponsors.
- Live painting on events with sponsors. We make sure that the social commitment of our sponsors stays high through joining and cooperating with them at different events.
- Workshops and project presentation on events
- Crowdfunding
- Donations
